# Using knitr with multicols

Yihui Xie

October 19, 2026

Here is a paragraph outside the multicols environment. Here is a paragraph outside the multicols environment.

Here is a paragraph inside the multicols environment. Here is a paragraph inside the multicols environment.

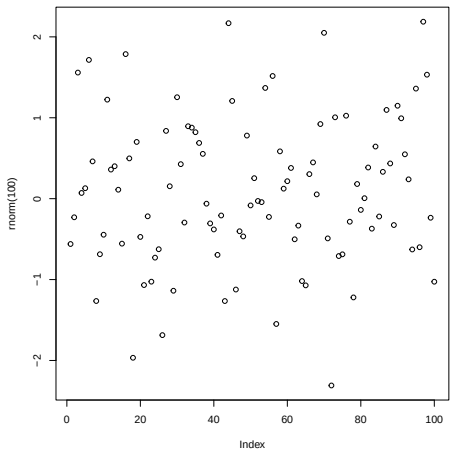

```
1 + 1

## [1] 2

2 * pi * 10

## [1] 62.83

par(mar = c(4, 4, 0.1, 0.1))
plot(rnorm(100))
```

and follow that up with some random text.
