Using the Example Environment with knitr

Yihui Xie

October 19, 2026

1 Introduction

This is a test of the R Example environment.

1.1 Go!

R Example 1.1.

```
1 + 1
```

```
## [1] 2
```

Look at Example 1.1!

1.2 Ha!

R Example 1.2.

```
x = rnorm(10)
```

Move on!

R Example 1.3.

```
sd(x)  # standard deviation
```

```
## [1] 0.9538
```

How about 1.2 and 1.3?

If you want to use this R Example environment for all code chunks, make rexample a global chunk option in the setup chunk.
